## KERN-LIEBERS PRECISION TECHNOLOGY (TIANJIN) CO., LTD SETTLED IN BEICHEN SCIENCE AND TECHNOLOGY PARK [Go back »](#)

2017-06-20 | Tianjin

June 20, 2017, the foundation ceremony of our member KERN-LIEBERS (Tianjin) was held ceremoniously. The CEO, CFO, shareholder of Group HQ in Germany, China Group's CEO, CFO, COO and other group management attended the event. The general manager of BEDA-- Mr. Liu Chunhai and relevant leaders attended the celebration.

KERN-LIEBERS group was founded in 1888, headquartered in Schramberg, Germany. Specializes in the production and sale of high-tech strip springs, wire springs, specialty wires & medical guidewires, stamped & fine blanked parts, micro-stamped parts, stamped-bent parts, Precision-machined & laser-machined parts, plastic composite parts & multi-contact wipers, clamping ring and textile machine parts, and has long enjoyed a good reputation in the heat treatment industry.

KERN-LIEBERS will be as in the past, with all aspects of the management concept, advanced production equipment, sophisticated research and development, better quality products to provide better service for the customers in the north of China.
